

**NOTE 1:** For further information about using the controls hover your mouse over the interface.

**NOTE 2:** For information on the boat click on the Main Menu  then 'Boat Help'.

Control	Operation	Default keys
Option buttons (option 1 - option 4)	<p>These controls are used to operate the menu panels for winches and mooring.</p>  <p>Winch panel</p>  <p>A mooring panel</p> <p>They also operate the sub menus of these panels.</p>	The 'Alpha' numbers 1 - 4 (those at the top of your keyboard rather than the keypad)
Tab	Used for moving between winches, trim controls (diamond dragspots) and crew when mooring. Keep pressing the control to cycle between the different items.	Tab
Undo	Used to undo an action. Normally used to move down a winch (taking the line off in stages). Also can be used to undo mooring lines where the undo icon is shown.	Z
		
Centre steering	Centres the wheel and rudder.	Space
Centre throttle	Centres the throttle.	C
Cancel	Used to retract sub menus of the winch and mooring menu panels.	Esc
Sailing	Toggles 'Sailing Mode'. (Sailing Mode can also be selected by clicking on a winch.)	F1
Mooring	Selects 'Mooring Mode'.	F2
Anchoring	Selects 'Anchoring Mode'.	F3
Other	Selects 'Other Mode'. Not currently used.	F4
Engine On	Turns the engine on.	E
Engine Off	Turns the engine off.	T
Next	Moves to the next page of instructions.	N
Back	Moves back a page of instructions.	B

<p>Option buttons for anchoring:</p> <ul style="list-style-type: none"> <li>- anchoring up,</li> <li>- anchoring down,</li> <li>-anchoring view,</li> <li>- anchor compartment</li> </ul>	 <p>Anchoring panel</p>	<p>The 'Alpha' numbers 7 - 0 (those at the top of your keyboard rather than the keypad)</p>
<p>Submit</p>	<p>Used to:</p> <ul style="list-style-type: none"> <li>- OK an alert message.</li> <li>- Bring a crew member to the active winch (has a menu panel.)</li> <li>- Used to move a line up a winch.</li> </ul>	<p>Return</p>
<p>Cross crew</p>	<p>Changes which crew member will go to a winch. Normally crew members keep to their own side of the boat. To use this control make sure the winch is active (has a menu panel) then press the 'cross crew' key. A crew member from the opposite side should be called over.</p>	<p>X</p>
<p>Autopilot</p>	<p>Toggles the autopilot control.</p>	<p>V</p>
<p>Trim controls</p>	<p>Brings up the diamond dragspot for adjusting travellers and backstay tensioner.</p>	<p>P</p>
<p>Zoom in</p>	<p>Zooms in towards the centre of the boat</p>	<p>, (Comma)</p>
<p>Zoom out</p>	<p>Zooms out away from the centre of the boat</p>	<p>. (Period/Full stop)</p>
<p>Reverse mode</p>	<p>Gives a view over the stern. Also swaps steering so the default keys move the wheel left and right as you would expect from that viewpoint.</p>	<p>/ (Slash)</p>
<p>Boat views</p>	<p>Provides boat views from the stern, port, starboard and bow in that order. Repeat pressing to step through the views.</p>	<p>' (Backquote)</p>
<p>SmartView</p>	<p>Returns the view to the cockpit. A second keypress provides a view relevant to what you are doing (mainly useful in mooring mode).</p>	<p>M</p>
<p>Left, Right, Up, Down</p>	<p>Used for looking around. If used while pressing and holding the 'Control Key' (see below) then the keys enable you to orbit / circle around the boat.</p>	<p>H, K, U, J</p>
<p>AutoSail</p>	<p>Toggles AutoSail on and off. AutoSail controls the mainsheet, port jib sheet and starboard jib sheet.</p>	<p>; (Semicolon)</p>
<p>Control key</p>	<p>Used to modify the behaviour of other controls.</p>	<p>LeftControl (Left Ctrl key)</p>
<p>Throttle</p>	<p>Moves the throttle control.</p>	<p>W, S</p>
<p>Steering</p>	<p>Moves the wheel and rudder. Note: the movement is progressive - longer key presses will move the wheel faster (as if the wheel accelerates).</p>	<p>A, D</p>
<p>Manual force</p>	<p>Controls the hands and trim diamond dragspot.</p>	<p>L, O</p>
